# Hosting a House Concert

## Time

House concerts are usually booked on a weekday evening at 7:30 pm but other options are negotiable. Please discuss with Katherine the best day and time for your concert. Receive a customized invitation in .pdf format that you can email to your friends.

Please note the performance is one hour and a quarter and has no intermission. On the invitation guests are requested to arrive at least 15 minutes early so that the performance can start promptly.

## Hosting Duties

The host will make any introductions and announcements prior to and after the concert including:

- ✓ Welcoming the guests.
- ✓ Making the guests aware there is a basket for donations and suggesting the amount.
- ✓ Telling guests about Katherine's mailing list and CDs for sale.
- ✓ Introducing the fact that Katherine is looking for Executive Producers.
- ✓ Making sure that guests are aware that it's a performance not background music. (This is the reason that refreshments are served after the concert not during or before.)

## Refreshments

The host will provide light refreshments after the concert is over. Keep them simple. Some examples are:

- ✓ Crackers, cheese
- ✓ Fruit plate
- ✓ Hummous with crackers
- ✓ Cookies or squares
- ✓ Vegetables and dip

Drinks are juice, mineral water or tea and coffee.

## Executive Producers

If any guest is interested in becoming an Executive Producer or knowing what that entails, Katherine will be happy to explain to the guests.
